EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jens Hoekendijk on 02/032006.

The application has been amended as follows:

Claim 117, line 8, after "element" insert --, wherein the obstruction element including a helical coil coupled to an insertion element, the preventing means including a stop on the insertion element, the proximal end of the helical coil being distally slidable on the insertion element unit contacting the stop--.

Cancel claims 118 and 119.

2. The following is an examiner's statement of reasons for allowance: the prior art of record fails to disclose or suggest the method step of advancing the obstruction removing element within the obstruction in the collapsed position, then permitting the obstruction removing element to move toward the expanded position. Furthermore, wherein the preventing means including a stop on the insertion element, the proximal end of the helical coil being distally slidable on the insertion element unit contacting the stop.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
